

PERRY DENTAL SOLUTIONS WARRANTY

*Optimal Oral Health is only Maintainable When
Patient and Doctor
commit to a joint effort and partnership*

OUR PART:

IF: Any crown, bridge, porcelain veneer, inlay, onlay or denture needs replacement due to material failure within the first 5 years of placement or service, and the tooth is still savable... as long as Dr. Filutze maintains his private practice in Dentistry at Perry Dental Solutions...and you do your part (see below), we will replace the defective unit with the same or equal material type at no charge to you.

Note: *If a tooth, restored with a tooth colored filling, inlay, onlay or veneer in question, is damaged or decayed to the extent that a crown is necessary, the full fee originally paid for the original restoration will be applied toward the crown as a warranty discount. You will only pay the difference. We cannot predict if and/or when gum or nerve treatment may be required. If those treatments are required to save the tooth in question, you would be require to pay those additional treatment fees.*

YOUR PART:

This warranty is only in effect if you do the following:

- A) Visit our office for a your regular, routine dental check-ups, cleanings, and maintenance visits, as prescribed by your dentist and hygienist; or
- B) Visit this office at least a **minimum of two (2) times per calendar year for Professional Examinations, Maintenance, Prophylaxis and necessary Radiographs;** and
- C) **Complete (in our office) All Recommended Dental Treatment** in the same **Quadrant (quarter of the mouth)** where the tooth in question is located, all within a 12 month period.
- D) Gum infection and bacterial decay spread from tooth to tooth. Your path to optimal health requires a comprehensive approach to care and regular check-ups and maintenance to control bacteria and decay from spreading from tooth to tooth.
